Ref. No.1403-1 Hospitals

Station Camp Cochin *Dated the* 10 August 19 36.

From (Name) Lieut. Colonel Clive Newcomb, I.M.S.,

(Designation) Offg. Surgeon-General with the Government of Madras.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

The District Medical Officer, South Kanara, Mangalore, points out the necessity and requests sanction for the employment of one additional peons - one for the office and the other for the headquarters hospital. At present there are only two peons, one for the District Medical Officer's Office and the other for the hospital. He states that consequent on the installation of electric fans and lights the services of the two punkah pullers have been terminated and hence there is necessity for additional menials to attend to miscellaneous work in the hospital. When the District Medical Officers' Offices were provincialised in 1923, the Government sanctioned only one

peon for each of the District Medical Officers' Offices. In this office letter Ref.840-G-2 dated 3-9-1925 my predecessor in office recommended the appointment of additional peons to all the District Medical Officers' Offices where there were only one peon each, on the ground that the District Medical Officer like other District Officers have also got touring work and one peon for the District Medical Officer's Office is quite inadequate. But the Government in paragraph 3 of G.O. No.601 P.H., dated 8-4-1926 ordered that there was no justification for the employment of additional peons in the offices of the District Medical Officers. Of those districts in which two or more peons are attached to the District Headquarters Hospital as the services of one of these hospital peons could be utilised in the District Medical Officers' Offices whenever necessary. There is only one peon in the Headquarters Hospital at Mangalore. There is a peon at the Lady Goschen Hospital, Mangalore, but the hospital is away from the District Medical Officer's(amalgamated)Office. So the services of the peon attached to the Lady Goschen Hospital cannot be utilised for work in the District Medical Officer's Office when required. The Offices of the District Medical Officer and Headquarters Hospital were amalgamated in 1929 and no additional peon was then sanctioned.

The District Medical Officer further points out that owing to unemployment consequent on the closure of a few factories, the number of thefts and dacoities is increasing daily in the town and this fear is gaining ground. As such there is necessity for the employment of extra men for menial work in the hospital. I agree with the District Medical Officer and consider it will be sufficient if an additional peon is sanctioned for the Headquarters Hospital only at present, and not for the District Medical Officer's Office and request sanction for the appointment.

The ultimate cost involved in the proposal will be Rs.176 per annum Rs.12-17 - Average pay Rs.14.7 i.e.14.7 x 12 or 176.4.

The

The proposal may be treated as Part II Scheme of the Budget Estimate for 1937-38.

I have the honour to be,

Sir,

Your most obedient servant,

Lieut.-Colonel, I.M.S.,

Offg. Surgeon-General with the Government of Madras.

Establishment. Hd.qrs. hospl., Mangalore — Additional peon.

Proc. 10,001 from the S.G. No. 1408-18 co. 9.36

The S.G. recommends the employment of an addl. peon in the Headquarters Hospital at Mangalore. It is stated that consequent on the ~~electric~~ installation of ~~the hospital the~~ electric lights & fans, the services of two punka pullers have been terminated & there is therefore need for additional menials to attend to miscellaneous work in the hospital. Another reason for the proposal is that owing to unemployment, thefts & dacoities have increased in the town, & therefore addl. men are reqd. in the hospital apparently for safeguarding the hospital property. A third reason is that the ~~for~~ services of the peon in the Lady Goschen Hospital cannot be utilised for the Dy.M.O's office when the Dy.M.O's office peon is away ~~on~~ on tour with the Dy.M.O. If an addl. peon is sanctioned for the Hd.qrs. Hospl. his services can be utilised for work in the Dy.M.O's office during the absence of the Dy.M.O's office

peon.

2. The termination of the services of punka pullers cannot be accepted as a ground for increasing the number of peons. Increase in the number of thefts in the town may be a ground for greater vigilance on the part of the police. It cannot be accepted as a ground for increasing the number of peons in the hospital. Temporary absence of the D.M.O.'s office peon on tour does not seem to be a ground for a permanent increase in the number of peons in the hospital. In these circumstances the proposal for an additional peon for the H.Q. q/rs. Hospl may be negatived. There are now three peons at Mangalore, one in the D.M.Os. office, another in the H.Q. q/rs Hospl & the third in the Lady Goschen Hospl.

Yes. the arguments advanced by the L.G. are very weak.

The S.G. may be requested to report the number of peons available in other hospitals of the same size as that of Mangalore. He may also be requested to report the special reasons, if any, for a second peon at the Headquarters Hospitals at Mangalore if other hospitals have only one each.

A draft Memo. is put up below for approval.

The following is a statement comparing the number of peons attached to the Govt. hospitals of the size of the Govt. hospital at Mangalore and the offices of the D.M.Os in the respective places.

	Name of the Hospital and the No. of beds in each.		No. of peons. In the Hospital.	In the D.M.Os office.

"	Calicut	119	1	1 (- do -
"	Ootacamund	102	2	1

The statement at page 3 ante shows that (the Hdqrs Hosp. at) Mangalore is not worse off than on the same footing as the hospitals at Bellary and Calicut. It will also be seen that the all the places have not more than three peons each. In the circumstances there seems to be no strong case for an additional peon at Mangalore.

But there are two peons in Vellore, Trichinopoly and Coly.

2. The position was accepted in 1926 that, for the Headquarters hospital and the D.M.O's office in a district,

district there may be three peons in all. In the present case, it is stated that the Lady Goschen hospital, Mangalore, is away from the D.M.O's office so that the services of the peon attached to that hospital cannot be utilised for work in the D.M.O's office when required. The effective number of peons for doing duty in the D.M.O's office and in the Headquarter hospital, Mangalore, is thus only two. In view of this, the proposal of Edn.and P.H. to sanction an additional peon for the Headquarter hospital, Mangalore, may be accepted. [redacted] As the peon is required to cope with the normal increase of work in recent years (please see X on page 2 c.f.), the proposal need not be treated as a Part II Scheme for 1937-38.
